**THE NEW  
FINANCIAL YEAR  
STARTED WITH A  
BANG AND WE HAD  
A VERY EVENTFUL  
FIRST QUARTER  
WITH SO MUCH  
HAPPENING.**

We forged a lot of new partnerships and launched batches with them and of course we launched our flagship Education cum Livelihood program- Udaan.

In order to offer better quality courses to our students, we have tied with new Knowledge partners who are industry leaders in their respective fields so that the quality of training offered to our students is first rate and constantly updated and placements are better

Our MAIN GOAL is offer the best possible livelihood training to our students from the underserved communities.

**WE TIED UP WITH  
TECH MAHINDRA  
FOUNDATION (TMF)  
FOR STARTING A  
NEW BATCH OF  
PARA NURSING  
COURSE (GDA) WITH  
A BATCH OF 30  
STUDENTS.**

**Tech  
Mahindra  
FOUNDATION**

TMF is doing a wonderful job in paramedical & allied healthcare training and has SMART Academies of Healthcare all over India. This will give access to not only quality training but also to hospital simulated labs, industry-relevant study material, and experienced faculty to help our young women make a career in the noble healthcare sector. The students will also be benefited with better placements in TMF affiliated hospitals etc. We are also very grateful to MAFFL which is once again supporting the course for this year also.

**WE HAVE TIED UP  
WITH KOTAK  
MAHINDRA  
FOUNDATION (KMF)  
TO START BFSI AND  
CRS BATCHES AT  
OUR KHAR CENTRE.**

**KMF too has a very robust training program in these sectors, coupled with training in life skills, spoken english and personality development and tie ups with reputed companies. for placements. A win-win partnership for both DBM and KMF as they get access to DBM youth who are hungry for jobs.**

**SIGNIFICANT  
KNOWLEDGE PARTNER  
THAT WE HAVE TIED  
UP THIS YEAR IS  
MUKTANGAN AND THIS  
IS FOR OUR EARLY  
CHILDHOOD  
EDUCATION (ECCE  
COURSE).**

**This takes our ECCE program to a next level and with Mukatangan's assistance we will be able to offer a teacher education program that supports the development of our students who are from local, under-served communities, into quality, student-friendly teachers.**

**LAUNCH OF OUR MOST  
AMBITIOUS  
EDUCATION-CUM-  
LIVELIHOOD PROGRAM  
WHICH WORKS ON THE  
PHILOSOPHY OF  
CATCHING THEM  
YOUNG.**

**For resilient livelihood it is very necessary that the youth are trained in essential skills along with their studies so that by the time they graduate they are job ready. The program has two cohorts - Junior Scholars and Senior Scholars who will be trained comprehensively for 7 and 2 years respectively at our centres in skills like personality development, communication skills, leadership etc. and will also be given career guidance, mentoring and lastly will also be trained in a particular skill as per their aptitude.**
