ROTASCIENCE FAIR

10 DBM Udaan scholars presented unique experiments at The RotaScience Fair where 62 schools had participated.

DBM Udaan Scholars were truly at par excellence and everyone came and visited the stall and said even top schools do not have such science labs.

Many schools have invited us to showcase our work.

It was a very proud moment to see our students go up on stage and receive trophies and certificates. They are true winners as no one but we know their journey for the last few months. Their confidence, presentation, and clarity of concepts was superb.

A BEAUTIFUL POEM WRITTEN AND NARRATED BY OUR MSCIT STUDENTS OF TROMBAY

Zaid Khan

Noor Zahir Khan

I was a girl without hope or joy
I was so sad and depressed,
that I was about to cry,
I had no one who could stand by me
And say you will be good, you will be fine
No hope no dream,
Except a silent scream
No wings to fly, no ways to try
I just heaved a soulful cry
One day a fairy came along
Carrying hope in the shape of a form.
The angel showed me what I could do
And lovingly took me under her wings too.
She took me to DBM and introduced me to,
A computer teacher who became my best
friend.

My friend, mastered me on computer skills
And everyday learning became a new thrill
Skilled and trained,
The sky was my aim
I no longer cry because I learnt to fly...
