15 YEARS OF DBM INDIA

The Journey of a hundred miles begins with a single step

We the DBM India Team began our journey in 2008. With the passing years many team members, mentors, donors and well-wishers began walking the path with us, blessing us, guiding us and motivating us. This journey to transform the lives of others brought about an internal transformation too.

We have now completed 15 years. To commemorate this day our team spent the day together.

On this day we spent time sharing thoughts and presentations by our team members on the following topics:

1. Unemployability scene in India
2. ASER report 2022 and its relevance to what we are doing at Udaan
3. Mid day meal & its relevance
4. Importance of skilling and what DBM is doing
5. DBM 2.0
6. Entrepreneurship and DBM
7. The Journey so far
8. M ward and its problems

This was followed by a team lunch and fun and togetherness with a pledge to Serve Humanity.
