M-Power - Crafting Success Stories

**Vishal Chaudhary
JEE & MHT CET (2023)
Terna Engineering College
(Computer Science)**

Vishal Chaudhary born into a family of seven, Vishal's father owned a small grocery shop, while his mother was a dedicated homemaker. With an annual income of just 80,000/-, pursuing higher education seemed like an insurmountable challenge.

Undeterred by these financial constraints, Vishal set his sights on two prestigious exams, the JEE (Joint Entrance Examination) and the MHT CET (Maharashtra Common Entrance Test). Vishal's success was driven by his unrelenting commitment to his studies. He spent a remarkable 8 to 10 hours each day in the M-Power Library. The library not only provided a conducive learning environment but also boasted a dedicated staff and facilities.

Vishal recognized that the library played a pivotal role in his journey to prepare for the exams that would shape his future. His dedication yielded results as he triumphed in both the JEE and MHT CET exams. This achievement opened the doors to Terna Engineering College in Mumbai, where he embarked on his journey to pursue a degree in Computer Science.

In Vishal's own words, "Library ne bahut help ki mere self-study me... Thanks to the M-Power Library and its Facilities."
